

# ★ Celebrating ★ 5 Years of Quality Improvement!

Telligen QIN-QIO 2014-2019

**4,000+**  
provider  
assessments

Providing support for the Transforming Clinical Practice Initiative (TCPI) by helping physician practices prepare to join the Quality Payment Program (QPP).

## Success Model

- Help practices assess readiness for value-based care models through individualized assessments
- Develop assessment processes tailored to the practices they serve
- Support TCPI participation among practices that serve small, rural or medically underserved groups
- Foster trust and collaboration with other PTNs to promote learning activities, engage practices and share successes

**4,343**  
total  
provider  
assessments

**1,435**  
primary care  
& specialty  
practices

*"The staff at Telligen has been extremely accommodating and flexible with our many challenging practices and their understanding of the assessment and the definition of the items is very welcome as we lead the practices through the assessment process and discussions."*

- Cindy Eiseman,  
Health Partners Delmarva PTN

*"Telligen has been able to provide excellent and thorough support, putting our subcontractor's mind at ease. Telligen has helped our practices focus on their actual quality improvement work, rather than the logistics of submitting OPATs. This has helped to foster an efficient and effective workflow."*

- Lauren Echols, Northwestern University

*"Our partnership and collaboration with Telligen as our QIN-QIO partner for the Transforming Clinical Practices Initiative has been essential to our success in supporting practices across the state of Colorado in their practice transformation efforts."*

- Kristin Crispe,  
Colorado PTN

*"Telligen was always very responsive to our questions - providing timely, thorough answers, even if the topic was more general than just the QIN/QIO's role. It has been a true pleasure to work with all of the Telligen staff."*

- Deborah Melnyk,  
Virginia Cardiac  
Services Quality  
Initiative (VCSQI)

★ Join Telligen in July 2019 for our next cycle of  
Quality Improvement Initiatives! ★
