- End-Stage Renal Disease Facilities
- Emergency Departments
- Outpatient Clinics
- Outpatient Pharmacies
- Physician Offices
- Public Health Clinics
- Urgent Cares

Antibiotic Stewardship Core Elements

Percentage of Facilities that Implemented a Specific Core Element

"We discovered that for 2018 we wrote only 10 antibiotic prescriptions for patients with URI, pharyngitis and acute bronchitis diagnosis codes and upon review many of those antibiotics were actually prescribed for another diagnosis. Are we perfect? No, but we have dramatically changed the way we practice. The materials provided by Telligen have led the way." - Colorado Provider
