

Telligen QI Connect™

Taking Your Chronic Disease Prevention and Management to the Next Level

Understanding Medicare Coverage and Services including Telehealth

Please join us for our upcoming events featuring a four-part learning series focusing on Medicare's billable chronic care services, including telehealth. During these calls participants will hear from Medicare Administrative Contractors (MACs) on Medicare's reimbursement for preventative services. The focus is on practices who are caring for patients who have diabetes, chronic kidney disease and/or cardiovascular disease.

- 1** | **Preventive Visits Covered by Medicare**
April 22 | 12:00 MT / 1:00 CT / 2:00 ET | [Register Here](#)
This course will provide the most current information related to preventive visits. We will discuss the components of the Initial Preventive Physical Examination and Annual Wellness Visits including Telehealth. Links to CMS resources will be provided in addition to responses to frequently asked questions.
- 2** | **Diabetes Management, Screening and Preventive Services Covered by Medicare**
May 13 | 11:00 MT / 12:00 CT / 1:00 ET | [Register Here](#)
This course will provide the most current information related to Medicare Diabetes Management, Screening and preventive visits. We will discuss the components of the DSMT, MDPP, and Medical Nutrition Therapy. Links to CMS resources will be provided in addition to responses to frequently asked questions.
- 3** | **Cardiovascular Screening Services Covered by Medicare**
May 28 | 12:00 MT / 1:00 CT / 2:00 ET | [Register Here](#)
Medicare provides reimbursement for many services to assist providers in screening their patients for cardiovascular disease. There are lab tests, counseling services for tobacco use, and intensive behavior therapy for cardiovascular disease and obesity. We will provide information about the Medicare rules and regulations concerning these services including coverage requirements, frequency, and appropriate providers. Take advantage of this education to assist your patients in reducing their risk for cardiovascular disease. Links to CMS resources will be provided in addition to responses to frequently asked questions.
- 4** | **Chronic Kidney Disease Prevention Services Covered by Medicare**
June 11 | 1:00 MT / 2:00 CT / 3:00 ET | [Register Here](#)
This course will review the 5 stages of Chronic Kidney Disease. We will review Medicare covered laboratory tests to identify renal disease and Medical Nutrition Therapy to assist in preventing the progression of this disease. Links will be provided to several resources.
