Telligen QI Connect™

Partnering to improve health outcomes through relationships and data

Oklahoma Post-Acute Care Collaborative Office Hours June 10, 2020

Facilitated by: Sherry Longacre, Sr. Quality Improvement Facilitator

This material was prepared by Telligen, the Medicare Quality Innovation Network Quality Improvement Organization, under contract with the Centers for Medicare & Medicaid Services (CMS), an agency of the U.S. Department of Health and Human Services. The contents presented do not necessarily reflect CMS policy. This material is for informational purposes only and does not constitute medical advice; it is not intended to be a substitute for professional medical advice, diagnosis or treatment. 12SOW-IA-QIN-05/12/20-3694

Today's content and answers to participants' questions reflect Telligen's best understanding

- » Today's content and answers to participants' questions reflect Telligen's best understanding based on currently available information about COVID-19 as of Wednesday, June 10, 2020.
- » However, COVID-19 is an emerging, rapidly evolving situation. Therefore, it remains critically important to continually check the CDC's most up-to-date guidance, as well as the guidance from your state/local health department. [CDC guidance for COVID-19](#) may be adapted by state ([Colorado](#), [Illinois](#), [Iowa](#) and [Oklahoma](#)) and local health departments to respond to rapidly changing local circumstances.
- » The views expressed by the speaker do not necessarily reflect the views of Telligen or The Centers for Medicare & Medicaid Services. Presentation content is for information purposes only and does not constitute medical advice; it is not intended to be a substitute for professional medical advice, diagnosis or treatment.

- » This video conference utilizes links to other websites or third-party content to offer this webinar. “You are why the Oklahoma standard
shines so bright, thank you.”
- Governor Stitt.

OKLAHOMA

Objectives

8

- » Identify collaborative opportunities with other partners and stakeholders to facilitate the flow of information
- » Strengthening local community network by sharing emerging practices amid COVID-19

Healthcare Challenge: Vulnerable Populations and Rural Communities

9

The rural population of those ages 55 to 75 is estimated to grow 30 percent between 2010 and 2020¹

Only about 11 percent of the nation's physicians work in rural areas, despite nearly 20 percent of Americans living there²

A recent study found nearly 30 percent of rural primary care physicians are at or nearing retirement age, while younger doctors (those under age 40) account for only 20 percent of the current workforce³

Questions?

Ending on a Positive Note

12

- » There is no one-size-fits-all formula for healing the soul. Each of us will need to find the unique path that leads us from grief or despair to healing.

“The reward of suffering is experience.”

—President Harry S. Truman
